

RE. Curriculum Overview

21st September 2022

Dear parents/carers,

Last academic year, we sent out parent questionnaires and the feedback we received has been really useful. One of the points raised was surrounding the school curriculum. Some parents said that they were unaware of what their child was learning in school. Therefore, we have made some changes to the parent curriculum overviews that we send out each half term. We have made these into a 'new look' curriculum booklet. This booklet includes more detailed information about what your child will be learning in each subject. There are also links to useful websites which you can explore with your child in order to support their learning in school.

We are hoping that these booklets will be useful and would appreciate your feedback on them. The booklets will be available on the school website under the 'For You' section - 'curriculum overviews.' You can also access them directly from the link below:
