

Home Learning

Each week, complete the task from the relevant sections below to complete and bring in to share your learning!

1 **WEEK 1**

Nature Walk:

Explore a local park or school grounds to identify and list different plants, animals, and insects.

2 **WEEK 2**

Habitat Creation:

Build a bug hotel or bird feeder to attract wildlife to your school garden.

3 **WEEK 3**

Food Chain Game:

Draw and label food chains that show how energy flows in a local ecosystem.

4 **WEEK 4**

Biodiversity Poster:

Create a colourful poster about why biodiversity is important for the environment.

5 **WEEK 5**

Wildlife Survey:

Conduct a simple tally chart of animals spotted in your area and present the findings.

6 **WEEK 6**

Creative Writing:

Write a short story imagining life as a plant or animal in the wild.

7 **WEEK 7**

Eco-Champions Debate:

Discuss in groups how to protect local wildlife and present your best ideas to the class.
