

Home Learning

Each week, complete the task from the relevant sections below to complete and bring in to share your learning!

1 **WEEK 1**

Research Task:

Investigate how climate change is affecting an animal or plant species and write a short report.

2 **WEEK 2**

Energy Diary:

Keep a diary for a week, tracking how your household uses energy and suggest ways to save it.

3 **WEEK 3**

Poster Creation:

Design a poster explaining the greenhouse effect and how it impacts the Earth.

4 **WEEK 4**

Carbon Footprint Challenge:

List five actions your family can take to reduce your carbon footprint at home.

5 **WEEK 5**

Recycling Hunt:

Identify and sort recyclable items in your home, explaining why recycling helps the environment.

6 **WEEK 6**

Weather Watch:

Record the weather for a week and discuss how climate patterns might change in the future.

7 **WEEK 7**

Persuasive Letter:

Write a letter to a local leader suggesting actions to combat climate change in your community.
